

Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Monday 01 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Low cloud and fog inland tonight. Sunny spells developing Tuesday.

This Evening and Tonight:

Fog and low cloud soon reforming this evening away from the south coast, becoming extensive and widespread inland overnight. A risk of grass frost in some rural spots. Minimum temperature 0 deg C (32 deg F).

Tuesday:

Early fog and low cloud inland will gradually disperse through the morning, with sunny spells developing for most. Maximum temperature 13 deg C (55 deg F).

Outlook for Wednesday to Friday:

Wednesday, rather cloudy with showers developing after early fog. Rather cloudy Thursday, further showery rain followed later by clearer, dry and cold conditions, these conditions continuing into Friday.
